Environmental Policy

Advanced Seals & Gaskets Limited is committed to ensuring that our effect upon the environment is minimised to the lowest practicable level.

This policy shall be achieved by:

- Establishing good environmental practices.
- Complying with all relevant legislation and regulations.
- Identifying and reducing environmental effects arising from our activities.
- Monitoring our water, energy and fuel usage so that reductions in consumption can be achieved.
- Setting and reviewing environmental objectives so that continual improvement can be made.
- The involvement and training of our employees.
